

Thank you for your trust in us.

Did you know?

Cold weather can adversely affect your car's battery. On average, the life of a car battery is 3.5 – 4 years. A battery test at your Acura dealer can help assess if you need a new battery, or when it may need to be replaced.

Genuine Acura Battery.

Will this be the season your old battery lets you down? Make every start a smooth one with a Genuine Acura battery. With our 60-month warranty, an Acura battery makes powerful sense.

Starting From
\$97⁴³

Winter tires can reduce braking distance by 25% on wintry road surfaces compared to an all-season tire. Don't wait for snow - Winter tires should be installed as soon as the weather hits -7 degrees celsius. Protect yourself and your investment.

Genuine Acura Steel Wheel & Winter Tire Package.

Get ready for winter with Acura Tire Source! Our large selection of popular winter tires brands and Genuine Acura steel and/or alloy wheels will give you the added safety to get you through the harsh Canadian winters.

2004-2006 RSX (Base) Application, Steel Wheel 15", 195/65R15 91T Gislaved Nord*Frost 5, Winter Tires (price excludes mounting, balancing and installation)

Starting From
\$823⁵⁶
(set of 4)

During the hot summer weather, the rubber on your wiper blades can distort and crack from the heat! On average, wiper blades need to be changed every 6 to 12 months.

Genuine Acura Wiper Blade Insert.

Sleet, rain, snow, sun, mud – there's nothing like spring weather to put your wipers to the test. New Acura wipers will reduce streaking and windshield glare, and help improve visibility.

Starting From
\$5⁶³
each

Our Acura dealership staff are trained to offer expert advice regarding your vehicle. We specialize in Acura vehicles - trust us to get the expert advice you need for your Acura this season.

Genuine Acura Brake Pad Replacement.
