

ILX

Precision Crafted Performance is simply in our DNA. That's why we apply the same approach to each and every vehicle we build, whether it's a supercar or a compact sports sedan. And this approach always begins with you, the driver. Your needs. Your desires. Your dreams. From there, it's all about fusing the human experience with the vehicle, and pushing the limits of engineering and technology to create the most awe-inspiring, jaw-dropping performance possible.

This is who we are and what we do. And this is how we set out to build the ILX.

EXTERIOR DESIGN

The bold, aggressive design of the ILX features a distinctive front end, highlighted by standard Jewel Eye™ LED headlights, an eye-catching grille design and aggressive front and rear lower fasciae. The ILX A-SPEC takes it up a notch with even sportier styling features, including 18" noise-reducing alloy wheels and Lux-Suede-trimmed sport seats with contrast stitching.

JEWEL EYE™ LED HEADLIGHTS

Whether you're on the racetrack or on a road trip, how far ahead you can see affects everything. Jewel Eye™ LED headlights are standard on every Acura and help to provide impressive down-the-road visibility with an intense, wide beam of light designed to mimic natural sunlight—the light our eyes are designed to see in. The intended result? Less fatigued driving, more clarity and vivid colours.

LOOKS ARE

EVERYTHING

+ + + +

The ILX A-SPEC takes on an even sportier look with brilliant fog lights, machine-finished 18" alloy wheels, side skirts and a deck lid spoiler. The interior look is complete with stainless steel sport pedals, red instrument illumination, Lux-Suede-trimmed sport seats, black headliner and contrast stitching.

ILX with A-SPEC Package shown in Catalina Blue Pearl.

INTERIOR DESIGN

It's apparent as soon as you step inside the cockpit of the ILX – this is a high-performance machine designed to fit you. From the available perforated Lux-Suede seats that grip you to the convenient comfort of automatic climate control, the ILX cabin is an inherently inviting space.

ILX with A-SPEC Package shown in Ebony Lux-Suede.

TAKE

CONTROL

LX with A-SPEC Package shown in Catalina Blue Pearl.

INJECTED WITH

PERFORMANCE

The direct-injection system in the ILX delivers fuel pressurized at up to 2,900 psi, giving the 201-hp, 2.4 litre i-VTEC engine more power and better efficiency. An 8-speed dual-clutch transmission with torque converter delivers rapid yet smooth transitions and lightning-quick responses, while standard paddle shifters grant you greater control and a more direct connection to the car.

Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

ILX with Technology Package shown in Catalina Blue Pearl.

SUSPENSION

React to the road ahead. The ILX is equipped with Amplitude Reactive Dampers that are engineered to give you the best of whatever the situation demands. They operate in two unique performance zones, helping to offer both a composed, comfortable ride and precise handling.

RESPONSIVE STEERING

Tailor-made turns. The ILX has sport-tuned steering that is designed to allow the vehicle to respond instinctively with the driver, thus reacting quicker and more directly to the driver's input for a more accurate and reassuring feel.

DESIGNED TO

PROTECT

LIKE IT PERFORMS

ILX drivers and passengers are surrounded by an extensive number of both standard safety features and available innovative Acura safety technologies, further enhancing the driving experience through greater peace of mind.

ACURA

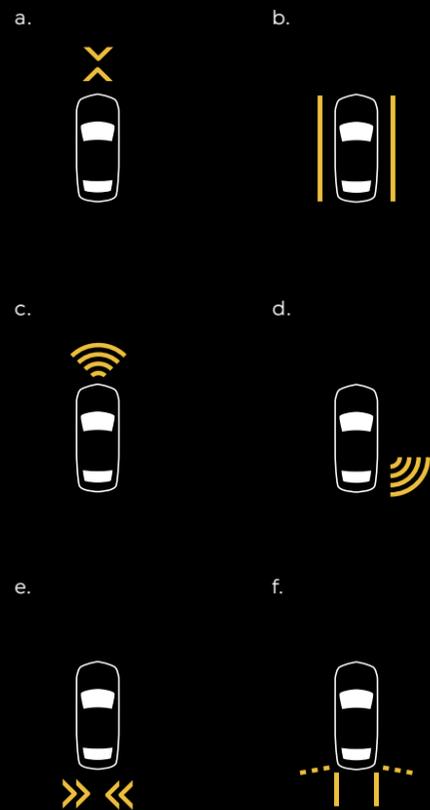

Source

ILX with Technology Package shown.

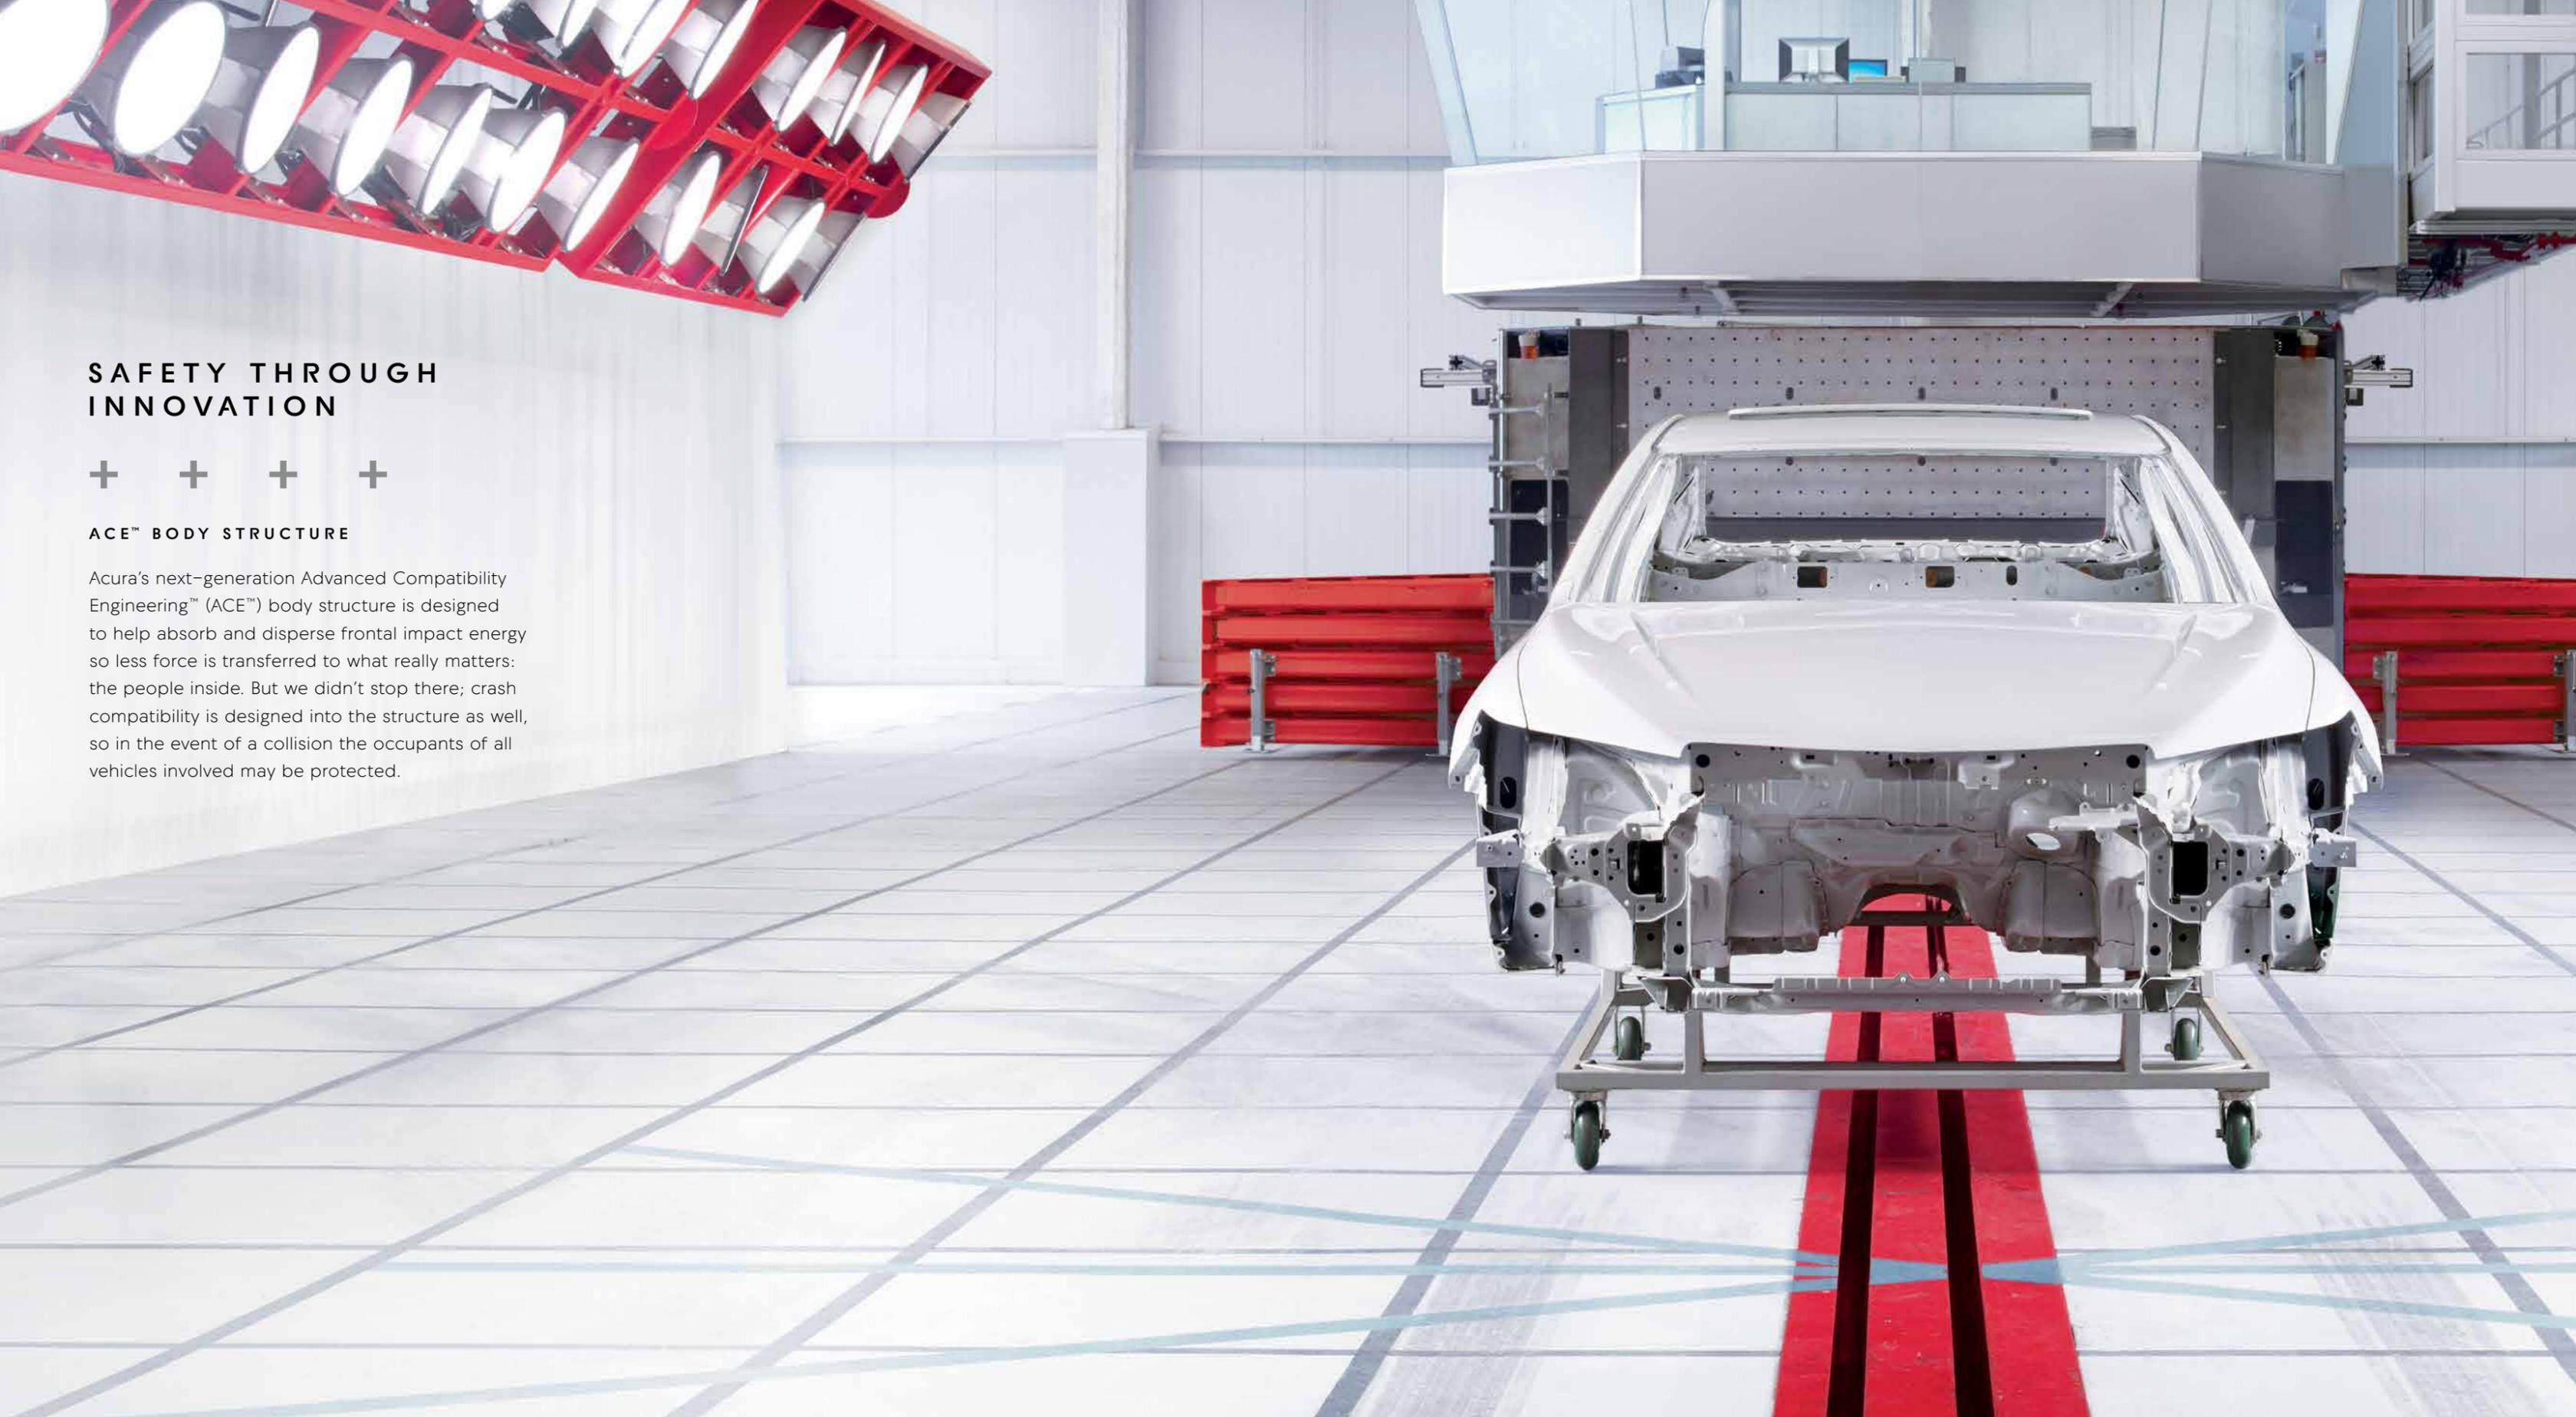

AcuraWatch™

Standard on the ILX, our AcuraWatch™ suite of advanced safety and driver-assist technologies combines a network of next-level sensing technologies designed to increase awareness and support the driver, working to help mitigate and in some cases even avoid impacts. Sensors are designed to continuously monitor the vehicle's surroundings and recognize not only vehicles, but also the shapes of motorcyclists and pedestrians—even certain-shaped shrubbery and mailboxes. AcuraWatch™ can warn of potential threats, provide steering input to help keep you in the centre of a detected lane, brake to help maintain a set interval from vehicles detected ahead, and apply emergency brake pressure in some cases to help avoid or mitigate the risks of frontal collisions.

- a. Forward Collision Warning (FCW) system[§]
Collision Mitigation Braking System™[§] (CMBS[®])
- b. Lane Departure Warning (LDW) system[§]
Lane Keeping Assist System[§] (LKAS)
Road Departure Mitigation (RDM™) system[§]
- c. Adaptive Cruise Control[§] (ACC)
- d. Available Blind Spot Information (BSI) system[§]
- e. Available Cross Traffic Monitor system[§]
- f. Multi-angle rearview camera[§] with guidelines

ILX with Premium Package shown in Lunar Silver Metallic.

A white car body is positioned on a test rig in a crash test facility. The car is facing forward, and the rig is a large, complex structure with a white upper section and a grey lower section. The car is mounted on a metal frame with wheels. The floor is light grey with a red stripe running down the center. The walls are white, and there are red safety barriers on the sides. A large red structure with many lights is visible in the upper left corner.

SAFETY THROUGH INNOVATION

ACE™ BODY STRUCTURE

Acura's next-generation Advanced Compatibility Engineering™ (ACE™) body structure is designed to help absorb and disperse frontal impact energy so less force is transferred to what really matters: the people inside. But we didn't stop there; crash compatibility is designed into the structure as well, so in the event of a collision the occupants of all vehicles involved may be protected.

The available On-Demand Multi-Use Display™ gives you the ability to adjust climate control settings and select preferred audio, including available SiriusXM,™† all on an easy-to-use touch screen with haptic feedback.

The ILX's available Acura Navigation System with Voice Recognition™,††‡ gathers street and highway information to help you dodge traffic and reduce stress.

Available Siri® Eyes Free,§,*** your personal driving assistant, is designed to read and respond to incoming texts and emails, set reminders and alarms and even check the weather—all with your hands on the wheel.

ELS STUDIO® PREMIUM AUDIO SYSTEM

To build something truly remarkable, you need to work with the best—which is why we collaborated with eight-time Grammy Award®-winner Elliot Scheiner to create the critically acclaimed available ELS Studio® Premium Audio System. Whether you're listening over the airwaves, streaming digitally, or enjoying your own music library, ELS Studio® was designed to produce music as it's meant to be heard, so even the most familiar tunes will become a whole new listening experience. The result is an exceptional combination of engineering and artistry, and it's totally unique to Acura.

"Acura cares, unlike some other providers that put systems in automobiles. Others come from a scientific background, meaning they tune using numbers and charts. Not ears. That's not what music is about, and it is the key to why the ELS Studio systems are so highly regarded."
—Elliot Scheiner

ACURALINK™^{S,,A}**

It's not enough to simply be connected anymore. Available AcuraLink™ is designed to seamlessly connect you to the information and assistance you demand. Find nearby restaurants and points of interest while driving with the assurance of AcuraLink™ Assist services. Concierge Link puts personal assistants at your fingertips, so you can purchase airline tickets, book a hotel, or make

dinner reservations, helping to ensure that all your journeys go off stress-free. And if traffic backs up, AcuraLink™ Real-Time Traffic™ with Traffic Rerouting™ helps to pull highway and surface-street information, including traffic flow, incidents and construction, and can thoughtfully reroute you for a faster commute.

ACCESSORIES

Choose from an array of Acura Genuine Accessories that give you the practical luxuries and advanced styling that will bring you together with your machine.

^[§] None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For more comprehensive product and feature information, limitations and restrictions, please visit www.acura.ca/disclaimers and refer to your vehicle's Owner's Manual.

^[†] Only available in certain areas. Includes a no-charge trial of three months, beyond which service fees apply.

^[‡] For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. The system cannot monitor the pressure of the spare tire.

^[‡‡] Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

^[*] Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit http://vehicles.nrcan.gc.ca

^[**] Only compatible with certain devices and operating systems. Devices, cables and adapters are not included and must be purchased separately. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

^[***] HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Acura may be required.

^[Δ] Subscription required. One year complimentary subscription to AcuraLink Standard, AcuraLink Connect, and AcuraLink Premium included, after which fees, taxes and other charges will apply in order to continue subscription. The availability of certain cellular networks is required for AcuraLink to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Ask your dealer for full terms and conditions.

COLOUR & TRIM

Our colour and trim range is an extension of our commitment to craftsmanship and elegance. A palette of timeless exterior colours is complemented by equally refined interior options and a superior grade of leather and cloth trims. These are the finishing touches that elevate your relationship with your Acura, and the road, at every turn.
